OCURRENCE ALLEGED IN THIS
COMPLAINT

COMPLAINT FOR INTERPLEADER

Plaintiff, OmniSource Corporation, by counsel, Fleming & Fleming, P.C., and pursuant
to MCR § 3.603, files its action for Interpleader and states as follows:

1. This is a claim for interpleader brought pursuant to MCR § 3.603.
2. OmniSource Corporation ("OmniSource") is an Indiana corporation with its principal place of business in Fort Wayne, Allen County, Indiana.

3. OmniSource collects, processes, resells, and trades ferrous and nonferrous scrap metals and operates more than 70 scrap collection and processing facilities in the United States.

4. OmniSource maintains a facility at 711 Lewis Street, Jackson, Jackson County, Michigan.

5. Defendant Joseph Kurpinski ("Kurpinski") is a resident of the City of Jackson, Jackson County, Michigan and is made a party to the action to answer to any interest he may have in the interpleaded funds.

6. The City of Jackson, Michigan is made a party to the action to answer any interest it may have in the interpleaded funds.

7. This cause of action arose in Jackson County, Michigan.

8. Kurpinski owned a parcel of real estate next to property acquired by OmniSource.

9. OmniSource removed certain scrap from the real estate of Kurpinski and agreed to pay Kurpinski the sum of Twenty-Six Thousand Nine Hundred Ten and 84/100 Dollars ($26,910.84) (the "Funds").

10. Prior to the Funds being released to Kurpinski, OmniSource became aware that the City of Jackson ("City") had obtained an Order to Seize Property of Kurpinski and that the City was making a claim for the Funds.

11. OmniSource has attempted to pay the Funds to the City in exchange for a release executed by Kurpinski but Kurpinski has failed and/or refused to execute a release.

12. OmniSource believes that it is under an obligation to pay the Funds to Defendant City.
13. OmniSource admits that the Funds are now due and owing and that OmniSource has no interest in, and makes no claim to, the Funds. Based on the foregoing, OmniSource is uncertain as to whom it should pay the funds; and it cannot pay over such proceeds, except under direction of this Court, without assuming the risk of multiple liabilities for such payment.

14. OmniSource is willing to pay the proceeds into this Court and to be held subject to further order of the Court regarding the proper beneficiary of these Funds.

15. The Plaintiff has no interest in the Funds and merely desires protection while this Court determines whom should be paid.

WHEREFORE, Plaintiff OmniSource Corporation, by counsel, requests that the Court enter judgment as follows:

1. Pursuant to MCR 3.603(B)(1), direct OmniSource Corporation to deposit the proceeds in the sum of $26,910.84, with the clerk of the Court pending the decision of the Court as to the proper distribution of the Funds;

2. Pursuant to MCR 3.603(B)(2), permanently restrain and enjoin Defendants Joseph Kurpinski and the City of Jackson from pursuing any action against OmniSource to collect or pursue the Funds;

3. Pursuant to MCR 3.603(B)(3), hold a hearing and discharge OmniSource Corporation from any and all liability to Defendants Joseph Kurpinski and the City of Jackson, upon deposit of the Funds with the Court and ordering of the dismissal of OmniSource Corporation from this case, with prejudice, upon such payment;

4. Pursuant to MCR 3.603(E)(1), order that the party not entitled to the Funds pay the costs of filing this action to OmniSource including costs and attorney fees;
5. Require each Defendant to answer this Complaint, setting out in detail their claim to the disputed Funds and if they do not, to enter a default against said Defendant; and

6. Grant OmniSource Corporation all other just and proper relief in the premises.

COMPLAINT FOR ORDER OF SUPERINTENDING CONTROL
AND REQUEST FOR IMMEDIATE RESTRAINING ORDER

Now comes the Plaintiff - Appellant, Thomas Darrow, by and through his attorney, Jerry M. Engle, and in Complaint for Superintending Control, and Request for Immediate Restraining Order, says as follows:

1.) That all parties and the relevant property: a house at 911 S. Jackson Street; are located in the City and County of Jackson, State of Michigan.
2.) That on or about 10/29/12 the City Building Code Board of Examiners and Appeals issued an Order in regard to a property located at 911 S. Jackson Street here in the City of Jackson.

(attached as exhibit 1)

3.) That the owner of the House at 911 S. Jackson Street is the Plaintiff Thomas Darrow.

4.) That the Order was actually mailed out to the Plaintiff on 11/2/12. (Attached exhibit 2)

5.) That the Plaintiff is asking for this Court to exercise Superintending Control in this matter, for the following reasons:

   a.) M.C.L. 600.615 provides for Circuit Court Jurisdiction in matters of Superintending Control.

   MAR. 3.301 (a)(1) further provides for the bringing of this action in Circuit Court.

   b.) There is no other adequate remedy available at to Mr. Darrow. This seems to be conceded in the City of Jackson’s Notice. (Ex. 1 & 2)

6.) That the original Notice and Order in regard to this matter is attached as exhibit 3. It listed several repairs to be made as a result of a building fire in 2010, the fire report itself, and a picture of the damage is attached as exhibit 8. According to the report the damage was limited to the NW corner of the structure, and due to a faulty wire which would have been in the control of consumers power. The various allegations of exhibit 3, and our replys, are listed below.

   a.) Unsafe mechanical vent to south side. This has nothing to do with the fire. This system was put in place by a bank that owned the property prior to Mr. Darrow. He purchased it in 1988. It has been inspected at least 10 times since, and passed in its current condition.

   b.) Chimney removed from South side, Siding not restored. This was not part of the fire damage. The chimney was originally restored some time before Mr. Darrow purchased this in
1988. (See ex. 4) When this was purchased the chimney was in same position as it is now. The siding was in exactly the same condition as it is now. This had been apparently approved prior to his purchase of the building.

Every Apartment building in the City is inspected every 2 years. This was passed every 2 years. Nothing is new about it since 1988. Nothing is dangerous about it. It is the only issue still left with the City. (See photos ex. 5) (See also exhibit 6 dated 9/22/12 informing Mr. Darrow that the building is in conformance with the City Code.)

The building had been approved for Occupancy as late as 2009, and a certificate of Occupancy good until 9/1/11 issued. (Exhibit 7) That when exhibit 7 was issued the chimney as currently exists was there, as was the siding issue.

c.) Front Porch Roof bowing. This has been repaired. (see photos ex. 5)

d.) Roof System. This has been repaired. This is not leaking. It looks good, and has been passed in every inspection since the last time the roof was re-shingled about 8 years ago.

e.) Interior Partially gutted. This has been repaired.

f.) Front concrete steps crumbling and unsafe. This has been repaired.

g.) Yard overgrown. This has been cleaned up, and is not an issue.

h.) This matter has also been taken care of.

The home is an appropriate structure for 911 S. Jackson Street, Jackson, Michigan. Building permits were obtained for the matters that required building permits, and the contractor for most of this was Scholl Electric. To be able to sign off the work and get paid it is necessary to obtain an inspection. It is assumed that was done.
7.) That after the filing of this Complaint and the Answer herein the Court will find that none of this is new in regard to this Chimney, nor is the City Code new in this regard. The previous passing of this structure as it is effectively bars a new inspector from saying while I guess I don’t like the way it is, or at a minimum puts the burden on the City to explain why this is now outside the code when it wasn’t for the past 24 plus years. Perhaps the City should explain why it wasn’t outside the code for the previous owner, a bank, to maintain this in this manner, but is outside the code for Mr. Darrow to maintain this in this manner. It also puts the burden on the City to show how this is a change in the building or the building code. This chimney is not even in the area of the fire.

7.) That with the Pending Order of the Department of Community Development a restraining Order needs to be issued at the time of filing this matter, if requested by the City there should be a hearing on continuing the restraining order MCR. 3.302(E)(3)(b). That it is apparent that the City is demanding that this action be filed within 14 days of their Order, and a Restraining Order be Obtained. See Exhibits 1 & 2 attached hereto.

Wherefore the Plaintiff in this matter would respectfully request this Honorable Court Order Superintending Control in this matter, and issue an immediate Restraining Order, to prevent the City from tearing down this building pending the outcome of this Case.

The structure is deemed to be dangerous and a public nuisance as defined by Chapter 17, Section 17-1 et seq. of the Jackson City Code:

Sec. 17-26 (2) Whenever any portion has been damaged by wind, floods, or by any other cause, to such degree that its structural strength or stability is significantly weakened or is less than the minimum required by the City of Jackson Building Code for a new building or structure, similar in purpose and location.

Sec. 17-26 (5) Whenever for any reason whatsoever, a building or structure or any portion is manifestly unsafe for the purpose for which it is used.

Sec. 17-26 (6) Whenever a building or structure has been so damaged by fire or wind or flood, or has become so dilapidated or deteriorated as to become an attractive nuisance to children who might play therein, or as to afford a refuge for disorderly persons as defined by Chapter 18-82 of the Code of the City of Jackson.

Home had structure fire in 2010, unsafe mechanical vent to south side, chimney removed from south side siding not restored, front porch roof bowing, roof system deteriorated, appears to have three top shingles overlaid over multiple layers. Broken windows, boarded openings. Interior partially gutted, front concrete steps crumbling and unsafe. Yard overgrown. Home blight to community.

PLEASE BE ADVISED no person shall enter this structure except for the purpose of either making the required repairs, or the demolition of the structure. If this Notice and Order is not complied with during the time period specified above, the City of Jackson's Building Inspection Division will start proceedings to abate the nuisance, which will result in a hearing before the Building Code Board of Examiners and Appeals. If you disagree with this Notice and Order from the Building Inspection Division, you may attend the hearing before the Building Code Board of Examiners and Appeals and show cause why this Notice and Order should not be upheld or why you cannot comply with it.

The Building Code Board of Examiners and Appeals may enter an Order authorizing the Building Inspection Division to demolish or otherwise make safe the structure with all costs being the responsibility of the owner(s). You will be invoiced for these costs. If you fail to make full payment on the invoice, these costs will be assessed against the property as a special assessment and the City of Jackson may sue the owner(s) in court for these costs without losing the LIEN filed against the property under the special assessment. Reported possible structure fire. ATF light smoke along the NW corner of a two story residential structure. L-1 took command and stretched line. E-2 crew arrived and entered the structure with L-1 FF and ascended to 2nd floor apt. E-3 crew arrived and established a water supply. Summit L-18 crew arrived and entered the first floor to conduct a search and check for fire. E-3 crew was reassigned to the NW corner of the structure to extinguish visible fire behind the siding in the area of the electrical service meters. Consumers Electric was requested. Blackman crew arrived and was assigned to RIT. Command called for 2nd alarm. E-2 crew exited the structure and was reassigned to RIT. L-1 FF was reassigned to assist E-3 crew with fire extinguishment on the exterior of the structure. Blackman crew was reassigned to the basement for search, check for extension, and to kill the power to the structure. Ventilation was established, gas fan to first floor, E-2 electric fan to second floor. Command called for on call fire inspector. L-18 crew and Blackman crew reassigned to search attic space for extension. Consumers Electric arrived and disconnected the power. A/C Millican arrived and began his investigation. Callback crew arrived and assisted with overhaul. During the investigation, A/C Millican discovered degraded wire insulation, exposing wire on the backside of the service line below the electrical service meter. This exposed wire was in contact with the aluminum siding of the structure. This appeared to be the lowest point of any burning on the structure. Mutual Aid units were RTS. City units assisted occupants of the two apartments with collection and removal of personal property. All City units RTS, leaving securement of the property to the property owner, Mr Darrow. He stated he was to leave and return with the necessary supplies.

a.) M.C.L. 600.615 provides for Circuit Court Jurisdiction in matters of Superintending Control.

M.C.R. 3.301 (a)(1) further provides for the bringing of this action in Circuit Court.

b.) There is no other adequate remedy available at to Mr. Darrow. This seems to be conceded in the City of Jackson’s Notice.

6.) That this property had originally been sold on a land contract to Scott J. Phelps. Due to non-payment it was necessary for Mr. Darrow to take the contract back. He did not get the final rights to the property until 8/14/12 when process server Dennis Younkin executed on the property. This is attached as exhibit 1.

7.) That while the homeowner Mr. Phelps still had possession of the property the City sent him a notice regarding the garage on the property. Exhibit 2. This was sent to the then homeowner Mr. Phelps. It concerned the garage only.

8.) When Mr. Darrow found out what had happened he applied for a building permit to fix the garage on 6/14/12. It was originally given to him. However, the City then decided he wasn’t the property owner and took back the building permit sending him back his check. Ex. 4.
9.) On August 13, a day before he even had the possession that caused the City to deny his first building permit he received a notice saying the home was in Blight condition. Much of which consisted of minor repairs for which a building permit was not needed. All of which was done by the time of the Building board hearing. Much of this is typical of what a tenant can do to a home. Certainly do to a home when there in the process of being thrown out. This notice was given a day before the tenant was actually thrown out by Dennis Younkin, and the property was technically owner occupied.

10.) On September 28, 2012, Mr. Darrow applied for and received a building permit to repair the garage. He also received a permit to install new roofing over the mud-room. He paid $190.00 for the permit.

11.) The work is all done. The home has been brought back into code. The garage has been brought back into code. This was done in roughly 2 months, that was allowed by the City. It does appear that the City is in the process of trying to make sure there is no tax base left in the City.

12.) That it is difficult to believe that the City could take the Money for a building permit, not go over and inspect to say we also need this done, etc. They have totally misled the Petitioner into thinking he was doing the right thing. Negligently, or intentionally, trying to make sure they could destroy this building no matter what the Petitioner might do.
Wherefore the Plaintiff in this matter would respectfully request this Honorable Court Order Superintending Control in this matter, and issue an immediate Restraining Order, to prevent the City from tearing down this building pending the outcome of this Case.

YOU ARE HEREBY NOTIFIED that the above listed structure was inspected and posted "Dangerous and Unsafe" by the City of Jackson's Building Inspection Division on August 8, 2012. The structure is deemed to be dangerous and a public nuisance as defined by Chapter 17, Section 17-1 et seq. of the Jackson City Code:

Sec. 17-26 (3) Whenever a building or structure or any portion or appurtenance is likely to fall or become detached or dislodged or to collapse for any reason.

Sec. 17-26 (5) Whenever for any reason whatsoever, a building or structure or any portion is manifestly unsafe for the purpose for which it is used.

Electrical plugs falling from walls, exposed electrical line extending from E. gable fascia, interior floors damaged, unfinished floors throughout second story, holes through first story bathroom floor, second story bedroom walls falling, unsanitary throughout. Home in blight condition.

YOU ARE ORDERED TO

1. VACATE THE STRUCTURE IMMEDIATELY;

2. Obtain permit to reconstruct front retaining wall within 48 hours. Should permit not be obtained and work started within 48 hours, an Emergency Order will be issued to resolve the issue with costs of any work assessed to the property.
YOU ARE ORDERED TO (continued)

3. Obtain permits to repair all noted violations or demolition permit to demolish the home within 7 days with all work to be completed within 28 days.

4. Have all work inspected and approved by the Building Inspection Division before the permits expire;

(The Affidavit of Disclosure form is available from the Building Inspection Division, 161 W. Michigan Avenue, 3rd Floor.)

PLEASE BE ADVISED no person shall enter this structure except for the purpose of either making the required repairs, or the demolition of the structure. If this Notice and Order is not complied with during the time period specified above, the City of Jackson's Building Inspection Division will start proceedings to abate the nuisance, which will result in a hearing before the Building Code Board of Examiners and Appeals. If you disagree with this Notice and Order from the Building Inspection Division, you may attend the hearing before the Building Code Board of Examiners and Appeals and show cause why this Notice and Order should not be upheld or why you cannot comply with it.

The Building Code Board of Examiners and Appeals may enter an Order authorizing the Building Inspection Division to demolish or otherwise make safe the structure with all costs being the responsibility of the owner(s). You will be invoiced for these costs. If you fail to make full payment on the invoice, these costs will be assessed against the property as a special assessment and the City of Jackson may sue the owner(s) in court for these costs without losing the LIEN filed against the property under the special assessment. RE: Extension of Medical Marihuana Moratorium

DATE: November 15, 2012

REQUESTED ACTION: To approve the Medical Marihuana Moratorium and place it on the next regularly scheduled City Council Agenda for adoption.

Attached is a proposed Ordinance that extends Ordinance No. 2012.15 adopted by Council on June 26, 2012. Council adopted said ordinance to extend the medical marihuana moratorium that was originally adopted January 25, 2011.

The Moratorium provides that it will continue to be in effect for “six months ... or until such time as an appropriate medical marihuana ordinance is enacted, whichever occurs first.” Accordingly, if we do take final action on a Medical Marihuana Ordinance, by operation of the Moratorium Ordinance, it will automatically lapse. The Moratorium being proposed would expire July 10, 2013 if adopted December 11, 2012.

The requisite action is to approve the Medical Marihuana Moratorium and place it on the next regularly scheduled City Council Agenda for adoption.

If Council has any questions regarding this matter, please feel free to contact me.
