      2. Establishment of March 23, 2010, at the City Council meeting as the time and place to hold a public hearing for the continuation of the Meterless Parking System.
      3. Approval of the Downtown Parking Advisory Committee becoming a subcommittee of the Downtown Development Authority.

15. **City Councilmembers’ Comments.**

16. **Manager’s Comments.**

17. **Adjournment.**

*Item Changed, Added or Deleted*
CALL TO ORDER.

The Jackson City Council met in regular session in City Hall and was called to order at 7:00 p.m. by Mayor Karen F. Dunigan.

PLEDGE OF ALLEGIANCE – INVOCATION.

The Council joined in the pledge of allegiance. The invocation was given by Councilmember Frounfelker.

ROLL CALL.

Also Present: Interim City Manager Christopher W. Lewis, City Attorney Julius A. Giglio and City Clerk Lynn Fessel.

AGENDA.

Motion was made by Councilmember Greer and seconded by Councilmember Howe to adopt the agenda, as revised due to weather, and with the addition of an executive session for real estate and labor negotiation matters. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Howe, Greer, Gaiser, Frounfelker and Polaczyk—6. Nays: Councilmember Breeding—1. Absent: 0.

CITIZEN COMMENTS.

Earl Poleski introduced himself as a candidate for State Representative – 64th District.

Shane LaPorte, on behalf of the POLC-Non-Supervisory Unit; Elmer Hitt, on behalf of the POLC-Supervisory Unit; and Richard Terrell, on behalf of the IAFF, asked the Council to support their Letters of Agreement.

Jason Kildea, on behalf of the Gillespie Group and Pat Gillespie, stated they are excited to move forward with the Carnegie Place development.
PRESENTATIONS/PROCLAMATIONS.

None.

EXECUTIVE SESSION TO DISCUSS A LEGAL OPINION OF SALE OF REAL PROPERTY AND LABOR NEGOTIATIONS.

Motion was made by Councilmember Greer and seconded by Councilmember Howe to go into closed executive session. The motion was adopted by the following vote. Yeas: Councilmembers Howe, Greer, Frounfelker and Polaczyk—4. Nays: Mayor Dunigan and Councilmembers Breeding and Gaiser—3. Absent: 0.

City Attorney Giglio explained that a 3/5’s vote of the Council is required to go into executive session to discuss a legal opinion regarding the sale of real property. Motion was made by Councilmember Greer and seconded by Councilmember Polaczyk to reconsider the vote. The motion to reconsider was adopted by the following vote. Yeas: Councilmembers Howe, Greer, Frounfelker and Polaczyk—4. Nays: Mayor Dunigan and Councilmembers Breeding and Gaiser—3. Absent: 0.

Council voted again with the following outcome. Yeas: Councilmembers Howe, Greer, Frounfelker and Polaczyk—4. Nays: Mayor Dunigan and Councilmembers Breeding and Gaiser—3. Absent: 0. Not receiving the required 3/5’s vote, Council went into closed executive session to discuss labor negotiations only and not the legal opinion on the sale of real property.

RETURN TO OPEN SESSION.

Motion was made by Councilmember Greer and seconded by Councilmember Polaczyk to return to open session. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Gaiser, Frounfelker and Polaczyk—7. Nays: 0. Absent: 0.

OTHER BUSINESS.

A. CONSIDERATION OF THE FOLLOWING REQUESTS FROM CARNEGIE PLACE, LLC, REGARDING A CITY OWNED VACANT PROPERTY LOCATED NORTH OF THE HAYES HOTEL AND WEST OF THE JACKSON DISTRICT LIBRARY:

1. APPROVE THE OPTION TO PURCHASE, PURCHASE AGREEMENT, AND DEVELOPMENT AGREEMENT AS PROPOSED;
2. APPROVE THE OPTION TO PURCHASE, PURCHASE AGREEMENT, AND DEVELOPMENT AGREEMENT WITH MODIFICATIONS;
3. REJECT THE OPTION TO PURCHASE, PURCHASE AGREEMENT, AND DEVELOPMENT AGREEMENT; AND AUTHORIZATION FOR THE MAYOR AND CITY CLERK TO EXECUTE THE APPROPRIATE DOCUMENT(S), AND FOR STAFF TO MAKE MINOR MODIFICATIONS IF NEEDED, IN ACCORDANCE WITH THE RECOMMENDATION OF THE CITY ATTORNEY. (POSTPONED BY CITY COUNCIL AT THE JANUARY 26, 2010, MEETING.)

Motion was made by Councilmember Frounfelker and seconded by Councilmember Greer to approve the Option to Purchase and the Purchase Agreement with the following changes. If the Developer terminates the Development Agreement, the Developer will convey the property back to the City for the purchase price paid for the property and approve the Development Agreement and request
staff and City Attorney to include modifications in the Development Agreement and authorize the Mayor and City Clerk to execute all three documents and make minor modifications to the documents. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Gaiser, Frounfelker and Polaczyk—7. Nays: 0. Absent: 0.

B. CONSIDERATION OF THE REQUEST TO APPROVE THE FIRST RENEWAL OF THE 2009 MATERIALS TESTING CONTRACT WITH CTI AND ASSOCIATES, INC., WIXOM, IN THE AMOUNT OF $81,000.00, FOR MATERIAL TESTING SERVICES, AND AUTHORIZATION FOR THE MAYOR AND CITY CLERK TO EXECUTE THE APPROPRIATE DOCUMENT(S), AND FOR STAFF TO MAKE ANY MINOR CHANGES IF NECESSARY, IN ACCORDANCE WITH THE RECOMMENDATION OF THE CITY ENGINEER.

Motion was made by Councilmember Greer and seconded by Councilmember Howe to approve the request. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Gaiser, Frounfelker and Polaczyk—7. Nays: 0. Absent: 0.

PUBLIC HEARINGS.

A. PUBLIC HEARING ON ST. JOHN’S CATHOLIC CHURCH’S APPEAL OF THE HISTORIC DISTRICT COMMISSION’S DECISION DENYING THE CHURCH’S REQUEST TO DEMOLISH THE ST. JOHN’S RECTORY LOCATED AT 717 FRANCIS STREET.

Mayor Dunigan opened the public hearing. Jim Schneider, St. John’s Parish Business Manager; Father Jim Shaver, Pastor of St. John’s Church; and Bob Cole, 109 W. Washington, spoke in support of the Church’s appeal. Marilyn Guidinger, HDC Chair, spoke in opposition to the appeal. No correspondence was received; the Mayor closed the public hearing.

1. CONSIDERATION OF ST. JOHN’S CATHOLIC CHURCH’S APPEAL OF THE HISTORIC DISTRICT COMMISSION’S DECISION.

Motion was made by Councilmember Polaczyk and seconded by Councilmember Frounfelker to appeal the HRC decision and give St. John’s Catholic Church the opportunity to rebuild the rectory.

Motion was made by Councilmember Breeding and seconded by Councilmember Polaczyk to amend the motion by adding that the City Council overrules the decision of the Historic District Commission. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Gaiser, Frounfelker and Polaczyk—7. Nays: 0. Absent: 0.

The main motion, as amended, was voted on and adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Gaiser, Frounfelker and Polaczyk—7. Nays: 0. Absent: 0.

B. PUBLIC HEARING ON THE REQUEST FILED BY REFRIGERATION SALES, INC., TO AMEND INDUSTRIAL DEVELOPMENT DISTRICT NO. 80. (CITY AFFAIRS COMMITTEE RECOMMENDS APPROVAL.)
Mayor Dunigan opened the public hearing. No one spoke; no correspondence was received. The Mayor closed the public hearing.

1. RESOLUTION APPROVING THE AMENDED DISTRICT.

Motion was made by Councilmember Greer and seconded by Councilmember Polaczyk to concur with the recommendation of the City Affairs Committee and adopt the resolution. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Gaiser, Frounfelker and Polaczyk—7. Nays: 0. Absent: 0.

C. PUBLIC HEARING ON THE APPLICATION FOR AN INDUSTRIAL FACILITIES EXEMPTION CERTIFICATE (IFEC) FILED BY REFRIGERATION SALES, INC., LOCATED AT 910 MYRTLE STREET.

Mayor Dunigan opened the public hearing. No one spoke; no correspondence was received. The Mayor closed the public hearing.

1. RESOLUTION APPROVING THE APPLICATION. (CITY AFFAIRS COMMITTEE RECOMMENDS APPROVAL.)

Motion was made by Councilmember Greer and seconded by Councilmember Polaczyk to concur with the recommendation of the City Affairs Committee and adopt the resolution. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Gaiser, Frounfelker and Polaczyk—7. Nays: 0. Absent: 0.

D. PUBLIC HEARING OF NECESSITY FOR THE PROPOSED STREET PAVING ON W. ARGYLE STREET FROM N. WISNER STREET TO N. WEST AVENUE.

Mayor Dunigan opened the public hearing. No one spoke; no correspondence was received. The Mayor closed the public hearing.

1. RESOLUTION ORDERING THE STREET PAVING AND PREPARATION OF THE SPECIAL ASSESSMENT ROLL.

Motion was made by Councilmember Greer and seconded by Councilmember Polaczyk to adopt the resolution. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Gaiser, Frounfelker and Polaczyk—7. Nays: 0. Absent: 0.

APPOINTMENTS.

A. APPROVAL OF THE MAYOR’S RECOMMENDATION TO APPOINT MICHELLE WOODS TO THE ELLA W. SHARP PARK BOARD OF TRUSTEES FILLING A CURRENT VACANCY, BEGINNING IMMEDIATELY, AND ENDING JANUARY 31, 2013.

The motion FAILED adoption by the following vote. Yeas: Councilmember Gaiser—1. Nays: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Frounfelker and Polaczyk—6. Absent: 0.

The main motion was then voted on and adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Breeding, Howe, Greer, Frounfelker and Polaczyk—6. Nays: Councilmember Gaiser—1. Absent: 0.

CITY COUNCILMEMBERS’ COMMENTS.

Councilmember Gaiser reported that the former City Manager met with Ms. Rawlins and other Hibbard Street neighbors. There were discussions and some promises made and they are now asking the City to move forward. He commended the labor unions for their hard work and stated he hopes that the wisdom of the Council prevails because he thinks we are going to end up with serious financial difficulties as a result of these (Letters of Agreement).

Councilmember Frounfelker remarked that three appointed officials wish to bring concessions before the Council and asked if those could come directly to the Council without first going to the Rules & Personnel Committee. The consensus was that they could. He also noted that dates for special meetings for discussion with Warren Renando and a budget strategy session need to be established. He inquired about changes to the downtown parking. He reported on his trip to Midland, stating that they have some neat development in their downtown and 3-hour parking. He announced the next Town Hall meeting will be held at the Jackson District Library – Carnegie Branch on March 11 at 6:30 p.m. In closing, he thanked the Council for supporting the Gillespie project.

Councilmember Polaczyk thanked all City employees for working with the Interim City Manager on negotiations and apologized to Councilmember Greer for calling his remarks “babble.”

Councilmember Breeding asked, in light of all the concessions, for an up-to-date summary of revenue and expenditures in hard copy.

Councilmember Howe thanked City employees for recognizing tough times and problems and taking concessions.

Councilmember Greer thanked everyone who attended the first Town Hall meeting, stating that is was a great meeting with good discussion. He is looking forward to the compilation of input from the
Town Hall meetings. He encouraged all Councilmembers to attend the MML’s Capital Conference on April 13 and 14.

Mayor Dunigan announced that the MML will give a special presentation on February 22 at the Ella Sharp Museum on the future of city government. She also reminded everyone of the importance of participating in the census.

**MANAGER’S COMMENTS.**

None.

**ADJOURNMENT.**

No further business being presented, a motion was made by Councilmember Howe and seconded by Councilmember Greer to adjourn the meeting. The motion was adopted by unanimous voice vote and the meeting adjourned at 8:57 p.m.

Lynn Fessel
City Clerk
CALL TO ORDER.

The Jackson City Council met in special session in the 2nd floor Council Chambers in City Hall and was called to order by Mayor Dunigan at 6:34 p.m.

ROLL CALL.

Also Present: City Attorney Julius A. Giglio and City Clerk Lynn Fessel.

AGENDA.

Motion was made by Councilmember Polaczyk and seconded by Councilmember Howe to adopt the agenda. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Howe, Greer, Gaiser, Frounfelker and Polaczyk—6. Nays: 0. Absent: Councilmember Breeding—1.

Council recessed at 6:35 p.m. and reconvened at 6:41 p.m.

CITIZEN COMMENTS.

None.

DISCUSSION WITH WARREN RENANDO REGARDING THE POSITION OF INTERIM CITY MANAGER.

The discussion began with opening remarks by Mr. Renando and continued with a question and answer period with the Council.

Motion was made by Councilmember Greer and seconded by Councilmember Howe to direct the Rules and Personnel Committee to negotiate terms with Mr. Renando and bring back a recommendation for the Council’s consideration. In response to Councilmember Polaczyk’s question, Councilmember Greer explained that the motion he made is to discuss in detail what the terms of a contract might be with Mr. Renando and to have that come back before Council for consideration, for a yes or no vote to bring him on board or not. The motion was adopted by the following vote. Yeas: Mayor Dunigan and Councilmembers Howe, Greer, Gaiser, Frounfelker and Polaczyk—6. Nays: 0. Absent: Councilmember Breeding—1.
ADJOURNMENT.

No further business being presented, a motion was made by Councilmember Greer and seconded by Councilmember Howe to adjourn the meeting. The motion was adopted by unanimous voice vote and the meeting adjourned at 8:05 p.m.

Lynn Fessel
City Clerk
MEMORANDUM
February 16, 2010

To: Honorable Mayor and City Council
From: Gilbert W. Carlson, Assistant City Attorney
Re: Accounts Receivable Write-off request

Pursuant to a 1969 resolution, the Accounting Department (now Finance Department) shall submit to the City Commission (now Council), a list of all accounts over six years old and any other accounts for which collection efforts should not be continued due to impracticability and impossibility, as recommended by the City Attorney’s Office.

Attached is a memorandum from the Finance Department dated January 10, 2010, requesting a write-off for the listed debts attachment to their memorandum.

The City Attorney’s Office concurs with this request. Although the debts are relatively new, they have all been discharged by order of the United States Bankruptcy Court.

Therefore, it is the recommendation of the City Attorney’s Office that Council approve the debts listed for write-off as bad debts.

    Sandra Sykes
MEMORANDUM

TO: Gilbert Carlson, City Attorney's Office

Cc: Julius Giglio, City Attorney
    Philip Hones, Finance Director

FROM: Sandy Sykes

DATE: January 28, 2010

SUBJECT: Accounts Receivable Write-Off Request – Bankruptcy

Attached please find a list of delinquent accounts receivable totaling $1,382.50 that the Finance Department is requesting to be written off. They are uncollectible (and non-assessable) due to bankruptcy filings. These individuals still own the properties.

These were derived from the list previously sent to you that were indicated as “Discharged by Bankruptcy” (my memo dated 12/10/09 and your response dated 1/13/10). Please note that an incorrect invoice number was provided on one for Elizabeth McKinch (should be 200900532, not 200100532). Invoice amounts are slightly different also, due to an additional month of interest accrued.

I am requesting these be submitted to the City Council at the next practicable meeting.

If you have any questions about any of the invoices please call me at ext. 6382.

Thank you.

Jackson Fire
Department Fire-
Transport Proposal
City Manager, Mayor & Council Members

CITY OF JACKSON
FIRE DEPARTMENT

February 11, 2010
Proposal for Fire- Based EMS Transport

How will Fire-transport save tax dollars?

The Jackson Fire Department will provide emergency medical transport service inside the City of Jackson at rates lower than taxpayers are paying the organization currently providing the service. (Jackson Community Ambulance) Above and beyond these savings, the revenue generated will exceed program costs, allowing for significant tax relief, or general fund improvement. The combination of the current two-tiers into a single, total-care service, will result in a new, streamlined, and efficient emergency health care delivery system.

Why is Fire Based Transport better for the patient?

Many firefighters already have the same paramedic training, certification, and the ability to provide the same Advanced Life Support (ALS) service as Jackson Community Ambulance (JCA) employees do. Patients will get faster service, with the same caregiver throughout the encounter; no more delays waiting for a second-tier ambulance before going to the hospital—when every minute counts. This is a value added service for our taxpayers while allowing them to spend less of their hard earned money on emergency medical care costs. Revenue captured by Fire-based EMS transport will go directly into the City’s general fund, reducing the tax burden on the citizens of Jackson. Fire-based transport is Faster, Cheaper, and Better.

Will Fire-based Transport affect response times?

Firefighter/Paramedics already respond within American Heart Association (AHA) and National Fire Protection Association (NFPA) guidelines, providing first-response within four minutes. JCA’s contract allows for a 10-minute response, 90% of the time. With fire-based transport, the patient will no longer have to wait for a 2nd-Tier responder before they can be transported to the hospital. You will get to the emergency room at Allegiance Hospital faster, improving your overall health system experience.

Has fire-based transport been done successfully anywhere else?

Yes, an independent EMS trade journal in a 1996 survey of the EMS market determined that the fire service comprised 45.3% of all transporting agencies. The next closest category of transporting agency was non-fire based volunteer squads at 17%; clearly the fire service is the predominate provider of EMS transport services in the country. Thousands of fire departments in Michigan, and across the country are providing Advanced Life Support (ALS) and transport services to their citizens. Firefighter/Paramedics providing total patient care, including transport, are the norm, allowing significant tax relief, a better quality of service, and maximizing efficiency in emergency medical service delivery.
What is the impetus for this program?

The new administration of the Jackson Fire Department has been encouraged to challenge the status quo. As part of a comprehensive analysis of Fire Department needs and capabilities, the two-tier Emergency Medical Services system has been identified as an area that could easily be improved upon, while generating badly needed general fund dollars for the City. Currently, the fire department responds as the 1st-tier to every medical call, uses manpower, vehicles, equipment, and medical supplies to treat the patient, and then waits for the 2nd-tier private ambulance company to transport the patient to the hospital (Allegiance Hospital). None of the Fire Department costs are recoupable, yet the ambulance company (JCA) can recover their costs from transport fees. Recently we had a revenue analysis completed by Accumed Billing Incorporated. Accumed is a Michigan based EMS billing company that currently handles more than 150 municipalities in 6 states, and will handle more than $125 million in EMS bills this year.

Does Fire-based Transport Fragment the EMS System?

The current two-tier EMS system is already fragmented; with Fire Department 1st-tier responders forced to "Hand-Off" every patient to the 2nd-tier private ambulance company. Each patient is evaluated, interviewed, and treated by two (2) different agencies during the course of their pre-hospital care and transport... that's fragmentation.

Continuity of Care is provided when the first responder provides total patient care, including transport, so that the same paramedic that first evaluates, interviews, and treats the patient, also provides transport and continues patient care all the way to the hospital. No "Hand-Off" prevents:

- Redundant or lost information
- Unnecessary delays
- Possible cross-contamination
- Patient discomfort

Closest Unit Response, automatic aid, and mutual aid agreements provide a seamless network of contiguous rapid response to both Fire and EMS incidents throughout Jackson County.

The current two-tier EMS system is fragmented by artificially separating the natural final step of patient care (transport to the hospital) from all other pre-hospital medical care (which the fire department is already performing).
Why try Fire-based Transport in Jackson?

- Jackson Fire Department is the oldest professional fire department in Jackson County, with more than 125 years of experience to draw from.
- Lower ambulance bills for the citizens of Jackson.
- Significant revenue generated, and designated for the general fund, allowing for tax relief to the citizens of Jackson.
- Consolidation of EMS First Responder and Transport into a single-tier fire service based component.
- Provide continuity of patient care from first patient contact to arrival to the hospital (Allegiance Hospital).
- Reduced overall ambulance transport times.

Is Jackson’s FireTransport Program the End Product?

Fire-transport’s success in Jackson will serve as a model for the fire service throughout Jackson County, and a catalyst for further levels of cooperation and additional opportunities for efficiency. Fire Departments of the future will provide a faster, better, lower cost, alternative; not only for transport to the hospital, but treat & release programs, follow-up care visits, immunization programs, and partnership clinics for healthcare access when & where you need it.

What guarantees does fire-based transport have?

Emergency medical calls have been over the 3100-call level for 3 years in a row. Transport fees are steady or increasing; tax revenues are shrinking; available ambulances have decreased. These factors present an unprecedented opportunity to improve service to our citizens, while being good financial stewards of the finite resources in the City.

Jackson City Firefighters have more than a 125-year history of rapid response and professional service to the community. Fire-based EMS transport works across the country and throughout the state. We can ignore this trend and stay with the status quo, or we can improve service, generate revenue, and reduce the tax burden on our citizens - guaranteed.

Time

It’s a precious commodity, and it waits for no one. When lives are on the line, seconds count. Fractions of seconds count. Few individuals in our lives better understand the importance of time than the men and women of the fire service. Highly trained Firefighter/Paramedics can handle crises affecting both people and property – often simultaneously. The dedication and training of these professionals and their commitment to quality of care are just two of the many reasons why fire based EMS-Emergency Medical Service is the clear choice for public officials and the communities they serve.
General Information and Attachments

When can we start?
The City and Jackson Community Ambulance are in an agreement that requires the City to give JCA a 1-year notice if we wish to transport. This will allow us to do some refresher training, acquire necessary equipment, and have the billing and electronic reporting systems at 100% when we begin transporting.

Attachment C—Accumed’s Southern Michigan Fire Department clients cost recovery and billing statistics
Attachment D—Ambulance lease agreement with Halt / Medtec

HIGHER SURVIVAL RATES
As communities evaluate their present EMS - emergency medical service needs, they may focus exclusively on patient transportation issues. Most research, however, has demonstrated that rapid, on-scene medical intervention produces the best patient outcomes. The fire service is best positioned to deliver this critical care, as well as rapid patient transport. Fire based EMS provides a comprehensive approach to emergency care, with cross-trained Firefighter/Paramedics capable of handling any complication. The bottom line – a better chance for survival, and patient survival is the true measure of quality for any pre-hospital EMS - emergency medical system

RAPID RESPONSE TIMES
The fire service is unique in its capabilities for rapidly mobilizing highly trained Firefighter/Paramedics to work under extreme conditions. These capabilities are already in place to combat fires and other emergencies. Fire fighters are the nation’s first responders. A comprehensive response within time limits set by the emergency medical community should be the goal for other EMS providers. It is routine for the fire service.
Fire-based Transport is the next step in the evolution of Jackson’s Fire Service, providing faster, cheaper, better patient care, greater efficiency, and real savings to taxpayers.
January 25, 2010

City of Jackson Fire Department

Dear Chief Beyecstedt:

Thank you for expressing interest in the full-service claims management services of AccuMed Billing, Inc. Per your request, I have compiled the following revenue forecast for the Jackson Fire Department based on the estimated number of annual transports and the estimated number of BLS transports vs. ALS transports that you provided to me. Please take note that Medicare has strict definitions for Levels of Care which determines both how a particular run is categorized and how it is reimbursed.

**Approximate Annual Runs Transported:** 3,100. (BLS-930; ALS-2,100; ALSII -70; Avg. miles patient transported 3)

Using the provided incident information and proposed charges provided of Basic Life Support (BLS) - $525.00; Advanced Life Support (ALS) - $600.00; ALSII - $750.00; and $12.00 per loaded mile, the Jackson Fire Department will generate $1,912,350.00 in annual Gross Charges.

Given the demographic make up in Jackson, we project a 51% - 58% NET recovery yield (dollars deposited in the Jackson Bank account divided by total Gross Charges) or total annual recovery range between $975,298.00 and $1,109,163.00. These estimates are calculated using performance averages taken from our current client database, including the demographic “bench mark” communities of Madison Township, Wayne and Taylor Michigan.

It should be understood that the following factors will influence final charge and recovery outcomes:

- Incident Report Documentation Quality
- Collection Policies
  - Resident Vs. Non-Resident Billing Strategy
  - Hardship Criteria
  - Prison Contracts (in the event you will be providing transporting services to the local prison – potentially lower recovery rates)
- Evolving Community Demographics and Payor Mix
- Fee structure
- Data Capture Method (Manual vs. **Electronic**)
About AccuMed

AccuMed is a privately held and operated business, which was incorporated in 1989 to exclusively service public sector EMS/Fire supplier’s medical billing; coding, reporting and data capture needs. AccuMed maintains a perfect record of full compliance with CMS and supports a robust compliance program in adherence with Medicare Law, Department of Health and Human Services and the Office of Inspector General requirements for third party medical billing agents.

In 2009 AccuMed processed in excess of 125 million in EMS/Fire billings and surpassed 63 million in recovery. As of this submission, AccuMed supports 152 clients in 6 states, including 124 Michigan based municipal EMS/Fire Departments.

AccuMed is comprised of 64 highly trained EMS billing professionals, committed and focused on exclusively supporting public sector EMS/Fire systems through the deployment of leading edge technology and processes, and the utilization of customer service advocates. Because of this commitment, we are able to devote 100% of all available resources to support our public sector EMS/Fire clients. AccuMed clients benefit from the most comprehensive medical claims management system available in the marketplace.

AccuMed is in an exclusive position to deliver a fully accountable, end to end, best in class field data capture through final collection solution, as a sole source. This is possible because AccuMed founded our affiliate EMS software company AccuMedWeb. AccuMedWeb, featuring eMedicReports, a NEMSIS 2.2.1 compliant Gold certified, web based field data capture and reporting software application. AccuMed is the best in class EMS billing solution. AccuMedWeb is the best in class field data capture and reporting solution; the combination is the best in class, accountable, end to end solution.

Please call upon me should you require additional information in support of your feasibility research at (800) 926-6985 extension 215 or email at ned@accumedbilling.com.

Very truly yours,

[Signature]

Ned Studendorf
Vice President

<td>1,579,601</td>
</tr>
</tbody>
</table>

5 year potential revenue over expenses would be $1,579,601 in a worst case scenario and the Jackson Fire Department running 1 transport vehicle.

If we are approved for the 3 SAFER Grant positions I have applied for, the revenue over expenditure would improve to $2,095,973 over a 5 year period, with the positive revenue from the first two year period of the SAFER grant improving to $574,106 per year.

The reason there is a 70% and 65% factor applied to the revenue is that operating 1 transport vehicle will allow us to only transport approximately that percentage of EMS calls.

The table below details expenses and revenues from putting 2 transport vehicles into service.

### Summary of Revenue & Expenses for F.D. Transport with 2 transport vehicles.

<td>984,803</td>
</tr>
</tbody>
</table>

The 5 year potential revenue over expenses would be $984,803 in a worst case scenario and the Jackson Fire Department running 2 transport vehicles.

If we are approved for the 3 SAFER Grant positions I have applied for, the revenue over expenditure would improve to $1,501,175 over the 5 year period, with positive revenue from the first two year period of the SAFER grant improving to $455,147 per year.

The reason there is a 90% factor applied to revenue in this example is estimating on the side of caution, we should be able to transport more than 95% of patients with 2 transport vehicles.

Jackson Fire Department
Jackson Area Fire Apparatus
Maintenance Proposal

City Manager, Mayor & Council Members

CITY OF JACKSON
FIRE DEPARTMENT

February 16, 2010
Jackson Area Wide Maintenance Facility Proposal

History
The Jackson Fire Department has a long tradition of providing fire apparatus maintenance from its three bay garage facility located at Fire Station 1 on North Jackson Street. More recently, Ralph Riley served as the Fire Department mechanic from 1992 through 2002. It was during this time that the seeds for the area wide fire apparatus maintenance facility were planted. Mr. Riley began doing maintenance for other area fire departments, generating revenue for the City of Jackson. Re-organization of the garage, and Mr. Riley being moved to the DPW garage ended the fledgling cooperative efforts between the City of Jackson and the other fire departments in the county on fire apparatus repair. Mr. Riley left employment with the City and began his own business doing fire apparatus repair, while the City of Jackson has had DPW mechanics perform its apparatus maintenance. In 2008, the Region 2 did a study on a possible Metropolitan Fire Authority in Jackson County. One of its immediate recommendations was to develop a Countywide Fire Apparatus Maintenance Facility. The author of this proposal is unclear as to why this has not been pursued before now, but in my discussions with Fire Chiefs from across the county this idea is very popular. Mr. Riley and I both spoke at a recent County Fire Chiefs meeting and handed out questionnaires to all of the Chiefs; the response was overwhelmingly supportive of the program. Since the meeting in January, several departments from outside Jackson County have expressed interest in becoming part of this initiative, hence the name change from Jackson County Fire Maintenance Facility to Jackson Area Fire Apparatus Maintenance Facility.

Why Should We Do This?
As previously noted, one of the suggestions from the Region 2 study on Fire Department Consolidation efforts was the establishment of this type of facility. The report did not recommend one department over another to serve as the host and reap the benefits of the maintenance facility; however the City of Jackson is particularly well suited to take the lead. We have the necessary facilities, the experience, and Mr. Riley has agreed to return to work for the City, bringing along the necessary customer base to make this both a financial and operational success.

When the Fire Department switched from its own maintenance program to hiring out the work, the average age of our front line apparatus was 3 years old. These new trucks needed relatively little maintenance; we had a vehicle maintenance budget of more than $100,000 and things worked well for the most part. Move forward to today, and the average age of our frontline trucks is now over 12 years old, their maintenance requirements have grown exponentially, and our budget for maintenance has shrunk to $60,000. Our revenue projections show that at a bare minimum, the Area Wide Fire Apparatus Maintenance Facility should result in financial gain of more than $20,000 in its first year. While making sense financially, an equally important benefit will be the improved operational readiness gains realized in our own vehicles.
The Nuts and Bolts

**Facility**

- Three service bays
- Heavy hoist (75000 lbs) for apparatus
- Overhead hoisting capabilities
- Fully equipped and tooled with Fire Department assets
- Stocked parts room
- Fire pump testing pit

**Services to be provided**

- Fire apparatus preventive maintenance and inspections
- General fire apparatus repair
- Fire pump annual testing
- Ground ladder annual testing
- In station service for outlying departments
- Small equipment repair
- Assistance in specifying fire apparatus and equipment
- Additional potential could include hose testing and repair

**Benefits To The City Of Jackson:**

- Better maintenance management with in house repair facility
- Superior technician experience, diagnostic abilities, and time savings
- Jackson Fire Department Labor cost would be at technician cost, no mark up, estimated to be at $48.00 per hour, which is less than we are currently paying.
- A significant reduction in the cost of parts will be experienced through larger volume parts purchases, and connections developed through an area wide facility.
- Labor will be charged to outside Departments at approximately 15% under Riley’s current charge of $78.00 per hour. Based on last year’s statistics, the revenue is projected at $70,000 annually.
- Parts charges to outside departments would be marked up an average of 20%, projected profit based on last years gross sales of $87,000, would be $17,400.
- Additional charges and fees (mileage, shop supplies, etc.) would be in the area of $9,000.
- The City of Jackson would save $2,000+ on current expenses to engine repairs on Ladder 1. (If this program is implemented by March 1st)
- Use of DPW mechanics will provide the career development necessary for the continuation of the program.
**Compensation Requests:**

A major portion of this proposal is the compensation package proposed by Mr. Riley. Mr. Riley worked for the City of Jackson from 1992-2002 with 10 years of experience, specifically in fire apparatus repair and maintenance as well as a previous background in heavy truck repair and garage management. His continued employment as a Fire Apparatus Mechanic from 1992 to the present shows a full 18 years total experience in this field. Based on this information the following is a requested compensation package:

- Master Mechanic Position at Grade 54, 2L step, ($68,703. currently)
- Historically the master mechanic position was compensated at pay Grade 58 or $82,567. This has been proposed at a lower rate of Grade 54, 2L or $68,703 at a reduction of $14,000.00.
- Mr. Riley is requesting that the probationary period of one year be waived and his vacation be calculated as a ten-year employee, as he has 10 years previous service with the City.
- In exchange for these considerations, he will liquidate his private business and bringing his customer base into the proposed program.

Well-constructed cooperative efforts are the wave of the future, and provide benefit to all parties involved. The City of Jackson is positioned to show leadership through this collaborative effort, while at the same time reaping operational and financial benefits for itself and its taxpayers. Our partners in this effort will reap improved efficiency, and a slight decrease in the costs of their own maintenance programs. All that is needed for us to unleash this synergy is your approval, shall we begin?

RE: Request to Establish the March 9, 2010 City Council Meeting as the Time and Place to Hold a Public Hearing for the Consideration of Rescinding a Brownfield Plan for 228 W. Michigan Ave. (Former Hayes Hotel)

At their regularly scheduled meeting on December 10, 2008, the Jackson Brownfield Redevelopment Authority recommended a Brownfield Plan to City Council for consideration for Hayes Commons Development, LLC to apply for a Michigan Business Tax Credit. City Council approved the Brownfield Plan after a public hearing on January 20, 2009. The Brownfield Plan was prepared in order to allow the developer to pursue a Michigan Business Tax Credit. The purchase and development agreement expired on August 21, 2009, and the developer did not request an extension of the agreements. Rescinding the current Brownfield Plan will allow the City of Jackson to pursue future opportunities with other interested parties.

Requested action at this time is to establish the March 9, 2010 City Council meeting as the time and place to hold a Public Hearing to rescind the Brownfield Plan for 228 W. Michigan Avenue (former Hayes Hotel). Please place this item on the February 23, 2010 agenda for consideration.

MEMORANDUM

TO: Christopher W. Lewis  
   Interim City Manager

FROM: Matthew R. Heins  
      Chief of Police

SUBJECT: Justice Training Grant

Our department has been awarded a grant from the State of Michigan, through the Michigan Commission on Law Enforcement Standards (MCOLES).

The grant award of $37,120 will be used to conduct Emergency Vehicle Operation training for Southern Michigan Criminal Justice Training Consortium (SMCJTC) members, which includes the Jackson Police Department. A twenty-five percent in-kind match is required and that match will be absorbed by the Consortium. The Jackson Police Department is the fiscal agent for the Consortium.

The Police Department is now requesting the City Council adopt the attached resolution amending the 2009/2010 budget. Please place this as an agenda item for the February 23, 2010 City Council meeting. I or a representative will be present to answer any questions.

MRH/AP/ap/c/MCOLES Grant mmo
Resolution

Whereas, the City has been awarded a Justice Training Grant from the State of Michigan, Michigan Commission on Law Enforcement Standards (MCOLES);

Whereas, the purpose of the grant is to ensure law enforcement personnel possess the necessary skills to reduce risks associated with emergency vehicle operation;

Whereas, this grant requires the activity relating to this project be kept in a separate account to facilitate reporting and compliance under the terms of the grant;

NOW, THEREFORE, BE IT RESOLVED, that the 2009/10 Budget be amended as follows:

General Fund

February 17, 2010

TO: Christopher W. Lewis, Interim City Manager

FROM: Carol L. Konieczki, Community Development Director

RE: Preliminary Allocation of Community Development Block Grant (CDBG) and HOME Investment Partnerships Program Funds for Fiscal Year 2010-2011 TABLED FROM FEBRUARY 9, 2010

On February 9, 2010, City Council voted to table making preliminary CDBG and HOME allocations to February 23, 2010. This action had been anticipated by Community Development staff and the alternate preliminary allocation date of February 23, 2010 was built into the CDBG/HOME Timetable of events. Community Development staff revisited the CDBG/HOME Timetable of events to determine if preliminary allocations could be tabled until the March 9, 2010 City Council meeting.

Although staff would be under tight time constraints within which to complete a draft Action Plan, a shift in the date to make preliminary allocations is entirely possible. Tabling preliminary allocations until March 9, 2010 will still allow for timely submission to HUD on May 14, 2010. Please keep in mind if Council makes a substantial change (10% or more of entitlement grant amount) during the final allocation process on April 27, 2010, all steps taken so far will have to be repeated, including public hearings and the 30-day comment period for the Annual Action Plan. This would create a significant delay in submitting the Annual Action Plan to HUD and for the City to receive its funding.

Based on this information, City Council is presented with two options for action:

1) Make preliminary funding allocations for the anticipated CDBG and HOME grants; or,
2) Table preliminary allocations until March 9, 2010 and direct staff to provide a revised Timetable for approval at that time.

Please place this item on the February 23, 2010 City Council agenda for consideration.

TO: Christopher W. Lewis, City Manager

FROM: Carol L. Konieczki, Community Development Director

RE: Preliminary Allocation of Community Development Block Grant (CDBG) and HOME Investment Partnerships Program Funds for Fiscal Year 2010-2011

On December 15, 2009, City Council adopted a Timetable for the 2010-2011 CDBG and HOME programs. The Timetable included the February 9, 2010 City Council meeting for Council to make its preliminary allocation decisions for CDBG and HOME Program funds for fiscal year 2010-2011. An alternate date of February 23, 2010 was also instituted should Council want to table the preliminary allocations until then; however, in order to meet the balance of deadlines to receive the grant funds on time, preliminary allocations must be made by February 24. Staff anticipates receiving $1,466,364 in CDBG grant funds plus program income, and $329,378 in HOME grant funds for use in program year 2010-2011. As always, these amounts are subject to change once HUD announces its formula allocations, which were not released last year until April 2009.

Attached is a matrix of each eligible application received (including the late submission by Community Development for Jobs Creation Initiative funding, which City Council voted to receive at its January 26, 2010 meeting), the amount each agency is requesting, and the funding recommendations made by City Administrative staff. City Administrative staff met on January 28, 2010; their written summary of funding recommendations is also attached.

Program year 2010-2011 marks the first of five years for the City’s upcoming Consolidated Plan, which is currently under development. To give Council a snapshot of funding allocations it made during the previous five years, a Historical Overview of 2005-2009 CDBG/HOME Allocations is attached. The information presented relates only for the amounts originally allocated by City Council and does not take into consideration additional funding provided through budget amendments and reallocations made periodically.

Please keep in mind if Council makes a substantial change (10% or more of entitlement grant amount) during the final allocation process on April 27, 2010, all steps taken so far will have to be repeated, including public hearings and the 30-day comment period for the Annual Action Plan (currently scheduled to take place between March 19 and April 20, 2010). This would create a significant delay in submitting the Annual Action Plan to HUD and for the City to receive its funding.

Requested action is for City Council to make preliminary funding allocations for the anticipated CDBG and HOME grants. Please place this item on the February 9, 2010 City Council agenda for consideration.

cc: Heather L. Soat, Financial Analyst
   Michelle L. Pultz, CD Project Coordinator
Thank you for meeting with Community Development staff and the City Clerk on January 28, 2010 to formulate recommendations to the City Council for CDBG and HOME allocations for fiscal year 2010-2011. The continuing economic struggles in the City made this year’s recommendation decisions especially arduous. During our meeting, we reviewed each funding request using an Application Rating System; however, when it came right down to it, difficult decisions had to be made in order to attain goals set forth by City Council in April 2008. It is possible the City will receive a slightly larger entitlement grant than what is anticipated; however, our recommendations were based on the estimated amount based on historical allocations.

It is with deep regret to those agencies that also desperately need funding support that we arrived at the following decisions:

CDBG

**Public Services - cannot exceed $219,955**

**AWARE, Inc.** $22,189

The AWARE shelter has been fortunate to receive several grants this year to assist domestic violence and sexual assault survivors; however, none of it is available for staffing.

**Center for Family Health** 20,000

Continue providing funding for the emergency adult dental care program as it is valuable to the community; however, based on concerns during the past two annual monitoring visits, a reduced amount is recommended to be allocated.

**Family Service & Children’s Health** 10,000

Administrative staff felt it was important to continue to fund this very valuable, proven program. Not enough grant funds to provide the full amount requested.

**Jackson Affordable Housing Corp. (JAHC) – Homeownership Counseling** 9,200

JAHC continues to meet performance and outcome goals with this program, which fills a need in the community.
King Center Summer Youth Program $40,000  
The continuation of this very successful program was deemed vital to the development of the City’s low- to moderate-income youth.

Partnership Park Downtown Neighborhood Association 5,000  
The continued expansion and growth of this after school program demonstrates the success and need of youths in the Partnership Park Neighborhood.

The Salvation Army 50,000  
Requests for assistance from low- and moderate-income residents has increased significantly due to the current economy.

United Way of Jackson County 10,000  
The need to continue supporting this vital information and referral service has been demonstrated through increased calls for assistance.

Subtotal Public Service Recommendation (11.4%): $166,389

Administration and Planning – cannot exceed $293,723

Community Development Department $249,700  
Staffing and operation costs to administer the CDBG grant. An allocation less than requested would require cuts in staffing/services.

Subtotal Administration and Planning Recommendation (17%): $249,700

Other Projects

Community Development Department  
Code Enforcement $565,275  
Staffing and operation costs to perform blight ordinance enforcement, housing maintenance code enforcement, and specification writing and oversight of the rehabilitation program. An allocation less than requested would require cuts in staffing and services.

Residential Rehabilitation 200,000  
Includes funding for emergency hazard loans, which cannot be paid for from HOME program funding.

Jobs Creation Initiative 50,000  
Provide funding for loans to create or retain jobs by a for-profit business investing in new construction, rehabilitation or expansion of its business.

Engineering 225,000  
Funding for street reconstruction with water main upgrades on Forest (bend to Edgewood) and Homewild (Ellery to Edgewood).

John George Home 10,000  
Provide a safe, ADA compliant bathroom for the elderly residents, alleviating the current conditions causing numerous falls each week.

Subtotal Other Projects Recommendation: $1,050,275

Total CDBG Recommendations Based on Estimated Funding: $1,466,364
Community Development has slashed funding requests for Administration/Planning, Rehab and Code Enforcement to absolute bare minimums. Administration/Planning and Code Enforcement fund current staff and operating costs. Building Inspection is funded from the General Fund.

**HOME**

**Community Housing Development Organization (CHDO) - must be at least 15% ($49,407)**

**Total CDBG Recommendations Based on Estimated Funding: $329,378**

While Residential Rehabilitation was reduced on the CDBG side, it was increased utilizing HOME Program funds, allowing for allocation of more CDBG funds towards projects that cannot be paid for with the HOME grant.

Keeping in mind City Administration recommendations are based on amounts estimated to be received, and the possibility of the City receiving slightly larger grants than expected, we
encourage City Council to consider the following recommendations should the City receive additional funding:

**CDBG Public Service - cannot exceed 15% of total CDBG grant**

*AWARE, Inc.* - City Administration arrived at an allocation of nearly one-half of the requested amount. *AWARE* has received several grants to provide very specific program delivery to domestic violence and sexual assault survivors, but no additional money for staffing to deliver the programs. *AWARE*’s original request of $45,584 amounts to only 36.7% of total estimated project cost. Consider a larger allocation if funding allows.

*Family Service and Children’s Aid* - The FAST program is very well run and a proven success, and *Family Service & Children’s Aid* has demonstrated excellent performance during monitoring visits. However, as with the other allocations, and especially staying within the 15% public service cap, consideration was given to provide an allocation smaller than requested to reserve funds for other projects. This activity should also be considered for a larger allocation if funds allow.

*The Salvation Army* - Due to the current economy, more residents are requesting assistance to keep their utilities on. With this program, participants may receive assistance only once during a 12-month timeframe. Should additional funds become available and the City stays within the 15% public service cap, additional funding is recommended.

*United Way of Jackson County* - Also caused by the City’s economic crisis, Central Michigan 2-1-1 is receiving a significant increase in calls, many times from persons who have never had to rely on assistance from non-profits and other agencies addressing basic needs. If available, an increase to the allocation recommended by City Administration staff would be appropriate.

**CDBG Other Projects**

*DPW Curb Ramps* - Unspent funds from 2008-2009 and 2009-2010 remain; curb ramps will be installed as part of several local street reconstruction activities planned in 2010. City Administration recommends no funding for the 2010-2011 program year unless additional grant funds are received.

*Forestry - Ash Tree Removal/Replacement* - City Administration staff felt other projects would fulfill more essential services at this time than would additional tree removal/ replacement. However, should additional grant funds become available, Council should consider an allocation to continue this neighborhood beautification project.

**No Funding Recommended**

For various reasons, City Administration staff recommended no funding for several projects. While all would serve a needed service or activity to City residents, with limited funding and a continued focus on fixing local streets, based on City Council’s April 15, 2008 goal setting session, not all can receive an allocation.
Allegiance Health Emergency Room - While transportation would meet a basic need, City Administration staff felt Allegiance Health would have other funding sources available to continue this service.

American Red Cross - City Administration staff felt providing funding to assist City residents with disaster relief (usually after a fire) is extremely vital; however, in order to allocate enough funding to Engineering for local streets, we decided against funding this activity. The American Red Cross has proved itself in program delivery and required recordkeeping during monitoring visits.

Center for Women Pregnancy Counseling Services - City Administration staff felt this was a good program for pregnant women and infants, but does not recommend funding at this time.

Elnora V. Moorman Community Help Center - City Administration staff appreciates the services this new agency wants to provide to City residents, however, they are duplicative in nature to services already being provided by experienced non-profits.

Fair Housing Center of Southeastern Michigan - The Analysis of Impediments to Fair Housing Choice recommends providing annual funding for fair housing activities to the Fair Housing Center of Southeastern Michigan. City Administrative staff identified unspent CDBG funds from prior years that can be reallocated for this purpose.

Jackson Affordable Housing Corp. - Foreclosure Prevention - No funding was recommended for the 2010-2011 program year as approximately $20,000 remains unspent from program years 2008-2009 and 2009-2010.

Jackson School of the Arts - While it is undeniable this project would provide wonderful experiences to the City’s youth, there were not enough funds available to consider an allocation that would provide a benefit to the activity.

LifeSpan . . . A Community Service - While this agency provided documentation of its aging vehicle fleet, City Administration staff felt the risk due to depreciation or loss through an accident or mechanical failure was too great to risk funding at this time.

Community Action Agency - CAA requested $297,000 (90% of the anticipated annual allocation) to assist in funding a project to create 18 rental units on Greenwood Avenue. There were several considerations taken when reviewing this application:

- The City has historically encouraged projects designed to promote homeownership over creation of additional rental units;
- When completed, the project would likely remain owned by CAA - being a non-profit, they are exempt from paying property taxes;
- HOME regulations require a long-term affordability period of 20 years with significant administrative oversight and recordkeeping on the part of both parties;
- HOME regulations require a minimum of 15% of the total grant be set-aside for CHDO activities;
HOME funds cannot be used as non-federal match in obtaining additional funding, as planned by CAA.

Renovations Your Way – The applicant has no other source of funding for this project and lacks the knowledge and experience required to remain in compliance (see CAA requirements above). The application also showed a need for additional, in-depth planning. HOME regulations require the City to conduct oversight of rental projects by analyzing the projects for financial stability, management capacity, and other long-term viability issues to identify financial/management issues before the affect the project's ability to remain a viable component of the City's housing stock. The application, as received, did not meet this requirement.

Greater Jackson Habitat for Humanity – While Greater Jackson Habitat for Humanity has been a recipient of both CDBG and HOME funds in the past, it is under new direction and staffing. A recent monitoring visit revealed several issues that need correction, including accurate reporting for HUD. Community Development staff is working with Habitat staff to get these issues corrected, but until Habitat demonstrates it is capable of program delivery, no additional funding is recommended at this time. Habitat has a small amount of unspent HOME funds from 2008-2009 remaining to use.

As always, the amount of requests far exceeded the amount of funds which will be available through CDBG and HOME grants. City Administrative staff considered each application carefully based on past performance and meeting the immediate needs of City of Jackson’s residents or City Council’s goals.

February 10, 2010

MEMO TO: Honorable Mayor and City Councilmembers

FROM: City Attorney Giglio, City Assessor Taylor and City Clerk Fessel

SUBJECT: Furlough Days

As contractual appointees of the City Council, the undersigned wish to participate in the unpaid furlough days being imposed on the non-union city employees. Accordingly, we all agree to take 20 hours of unpaid leave by June 30, 2010.

We are cognizant of the dire financial straits the city is currently facing, and we hope that this small gesture on our part demonstrates our willingness to help be part of the solution. We do not believe it necessary to execute amendments to our existing employment contracts. Hopefully, this correspondence indicating our willingness to participate in the unpaid furlough days will suffice.

If Council has any questions, please feel free to contact us.

Lynn Fessel
City Clerk

David Taylor
City Assessor

Julius Giglio
City Attorney
Memorandum

Date: February 18, 2010
To: Honorable Mayor and City Council
From: Jonathan Greene, Executive Director
RE: DDA Board Recommendations

The DDA Board respectfully requests approval of the following recommendations:

The continuation of the Meterless Parking system for FY 09/10 leaving the rate per space at $42.00 and maintaining the minimum charge of $100 based upon the presentation from the City of Jackson Assessing Department and the next assessment begin in July 2011 through June 2012.

Establish a public hearing at the March 23, 2010 City Council meeting as a public hearing for the continuation of the Meterless Parking System.

At the February 11, 2010 DDA Board meeting the DDA Board voted to recommend to the City Council the Parking Advisory Committee become a subcommittee of the DDA.
